

# CDMS 2 YOU 4 MUSIC

Staying Connected with You!

## New Year, New Music!

We hope everyone has had a restful, enjoyable holiday break! As enjoyable as breaks can be, we're still excited to get back into lessons and learning new music. If you heard a fantastic new song over the break, be sure and let your Instructor know about it! Your Instructor would also love to know if you received a new instrument or new music books!

Here's to a safe, productive 2021, and lots of fun being Creative!

## Looking Ahead: Spring Recital

With our wonderful Fall Recital performances still fresh in our minds, we are starting to get excited for our next music performance opportunity: our annual Spring Recital! Every music student is invited to share their talent and hard work at the end of the season, even the youngest beginners!

Details such as dates, times, and location are forthcoming, but it's never too soon to start working on your recital piece. Your Instructor can choose the best piece to showcase your special talents, or work with you to make the best possible performance of your favorite song. We can't wait to hear what everyone has been working on!
